Graduate School of Banking  
at the University of Wisconsin – Madison

## **The GSB Human Resource Management School**

This popular one-week school, designed specifically for HR professionals in the financial industry, addresses today's most critical HR issues. This school provides the foundation for new or veteran human resource professionals to tie together the important issues in human resource management with a bottom-line understanding about the business of banking.

The GSB Human Resource Management School is a great way to expand your knowledge of the banking industry and human resource management, improve employee performance, and establish a network of colleagues with whom to interact and exchange ideas.

To give attendees the best learning experience possible, this week is packed with HR management material and ideas that you can implement immediately upon return to the bank. The School has been divided into two core areas of study – the business of banking and human resource management.
